

Creative homework Projects for our Home Learning Heroes!

The children in Year 1 and 2 will be taking part in 'Creative Homework Projects' that we would like them to complete over the coming weeks. They will be able to demonstrate their creative talents and share their findings with the whole class.

Your child should choose at least one task. We hope you see this as an opportunity to support your child in their learning as well as having fun!

All work produced will be on display in your child's classroom and will be awarded a certificate.

We look forward to seeing the results and would like the children to bring their completed projects into school from the 29th June so that they can share and celebrate each other's achievements.

May we take this opportunity to thank you for your continued support.

Dinosaur Planet – Creative Homework Projects

Please complete at least ONE of the tasks. Here are some ideas to help you. Please bring to school from 29th June Good Luck!

Movie making

Work with an adult to produce your own dinosaur movie or show using toys, puppets or models. Evergreen bushes or a rocky or dusty area of your garden or local park would make perfect film sets!

Become an author

Share stories and poems about dinosaurs with your grown-ups. Take on the role of storyteller for any younger members of your family. Bring them into school and share with the class.

Outdoor walk

Hunt for ferns, yew trees, monkey puzzle trees and other prehistoric plants while you're out and about.

Library visit

Find non-fiction books at home (or in the local library) about dinosaurs.

Research

Research more amazing facts about the age of the dinosaurs

Animal visit

Visit a tropical animal centre or shop to have a closer look at some modern day reptiles.

Get creative

Create a dinosaur mask or hat and bring it into school for a Dinosaur Parade!

Bird watching

Watch birds in your garden or local park. Look at them closely with binoculars. Do you think they walk like dinosaurs?

Poem

Entertain your family and friends by reading them some side-splitting dinosaur jokes or astounding dinosaur facts! Bring them into school and share with the class.
