

Space Challenge Day

20 November 2014

Dear Parents and Carers

We would like to invite you to our Space Challenge Day on Thursday 27 November. The children will spend the morning creating a range of space craft, including rockets and moon buggies.

Please come along to the school hall at 2.00pm to join in our moon buggy races and watch our balloon rocket display.

We are collecting resources for these activities. If you have any cardboard boxes, cylinders, foil trays, balloons, bottle tops or anything else you think might be useful, please send them into class.

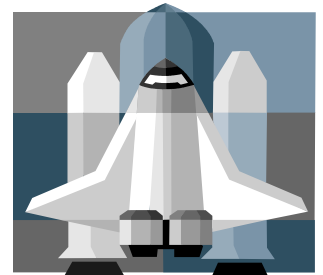

Thank you for the amazing support we have already received with home learning for this topic.

Key Stage 1

Miss Brown, Miss Fletcher and Mrs Mercer
