

Languages at Catshill First School and Nursery 24-25

Learning languages widens global opportunities and ensures that children are introduced to other cultures. It builds on and provides further opportunities for pupils to deepen their understanding of the world. Language teaching provides the foundation for learning further languages, equipping pupils to study and work in other countries.

EYFS

Year 1

Year 2

In Early Years Foundation Stage and Key Stage One, languages are introduced in spoken and written forms. Children participate in language learning and understanding through listening, speaking, reading and writing. Their knowledge of phonics, vocabulary and grammar increases step by step. Pupils celebrate and value the variety of community languages spoken and understood in their classes. They will take opportunities to use different languages (such as to answer the register) and be exposed to word origins, spelling patterns and vocabulary as this arises in connection to other learning. These wider opportunities will continue into Key Stage Two alongside the study of one language in more detail - French.
